SUSTAINABILITY CERTIFICATION

BUREAU VERITAS PACIFIC REGION

2026

ACKNOWLEDGEMENT OF COUNTRY

Bureau Veritas acknowledges the Traditional Owners and Custodians of the lands throughout Australia across the many communities we live, visit, and work in.

Bureau Veritas' Australia head office operates on The land of the Woiwurrung (Wurundjeri) people of The Kulin Nation.

We acknowledge and pay our respects to Elders past, present, and emerging.

For more information about Bureau Veritas' commitments to reconciliation, please refer to our [Reconciliation Action Plan](#).

Artwork by Mel Spillman

About the Artwork:

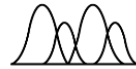

Inspired by Bureau Veritas' wider purpose of 'shaping a world of trust'. Key visual icons and symbols throughout the piece capture the company's values and diversity of operations.

OUR RAISON D'ÊTRE

GLOBAL DRIVERS OF SUSTAINABILITY

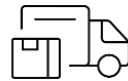

Reinforced

expectations

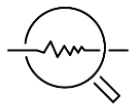

Accelerating
risks
for businesses

Shifting
capital
allocation

Heightened
supply chain
vulnerabilities

Stricter
regulatory
requirements

Increasing
geopolitical
tensions

OUR VISION

- › Shape a world of trust by ensuring responsible progress
- › Be the preferred partner for customers' excellence and sustainability
- › Stand by those that demonstrate commitment through actions that are

MEANINGFUL TRUSTWORTHY TRANSPARENT

YOUR TRUSTED PARTNER

Why seeking sustainability assurance and certification matters

Stakeholder Trust

Build confidence amongst investors, consumers, regulators with reliable independently verified data

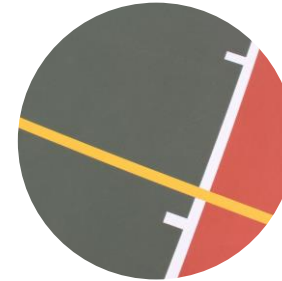

Data-backed Credibility

Identify gaps and corrective actions, improving accuracy and decision-making for clients

Operational Resilience

Reduce business risks and associated costs, spotting sustainability vulnerabilities early

Regulatory Alignment

Ensure mandatory regulatory requirements are met and reviewed as they evolve

Competitive Advantage

Boost reputation and brand value for clients with verified and credible sustainability actions

WHAT WE DO

For nearly 200 years, Bureau Veritas has helped businesses **improve performance, manage risk, and meet regulatory and sustainability standards** through independent auditing, verification, accreditation and assurance services.

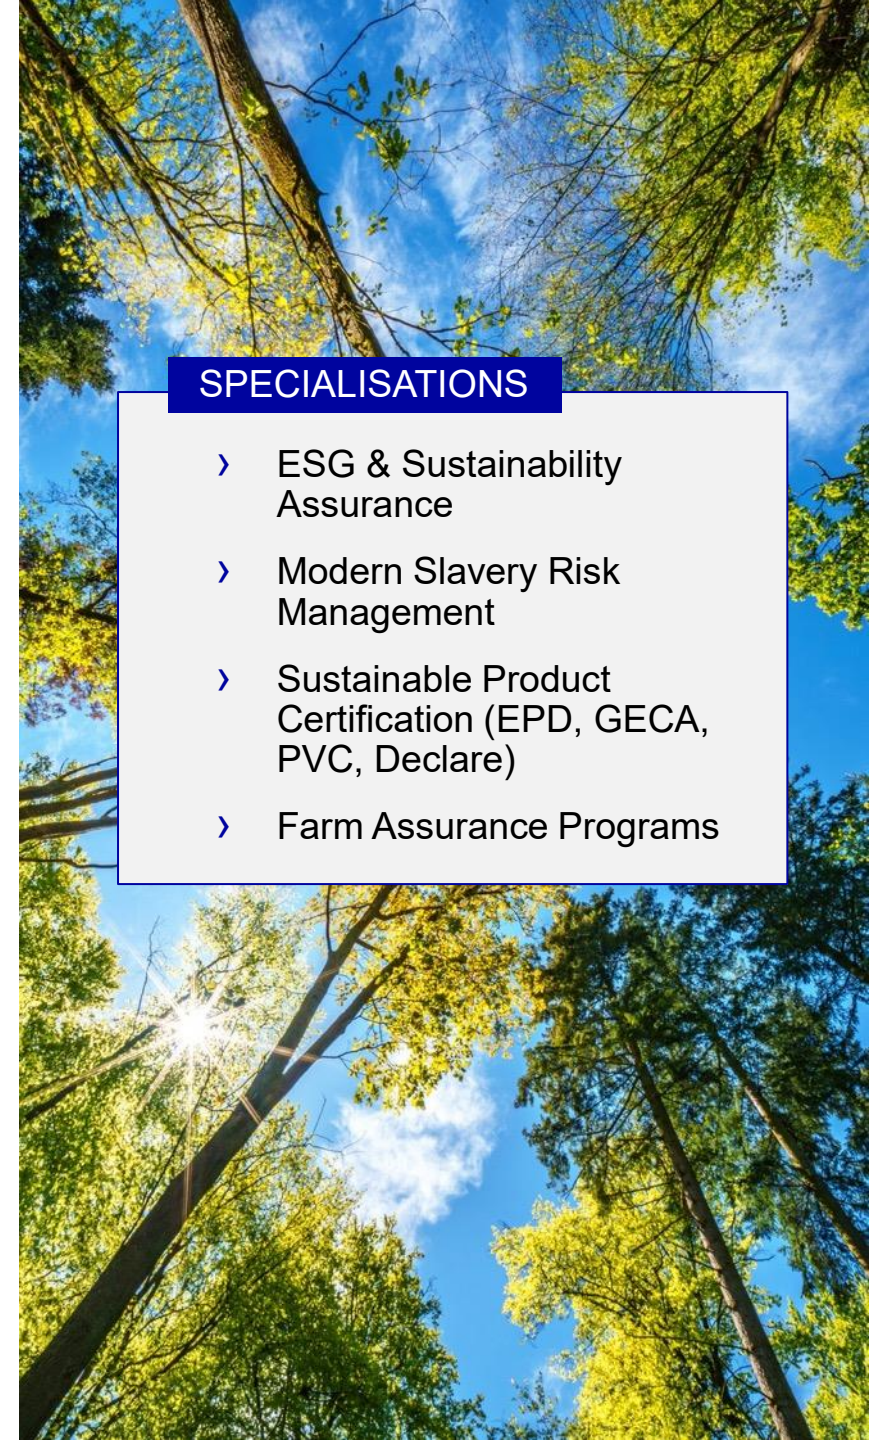

Bureau Veritas supports organisations across all sectors turn sustainability commitments into measurable outcomes. Our services include ESG assurance, modern slavery risk management, sustainable product certification, and farm assurance programs.

Whether validating disclosures, mapping supply chain risks, verifying environmental claims, or ensuring food safety and animal welfare standards, we provide tailored solutions that meet regulatory expectations, drive continuous improvement, and build stakeholder trust.

Our sustainability team brings deep technical expertise, local on-the-ground knowledge, understanding of leading industry standards and best practices from our track-record to each engagement. Leveraging our global network of sustainability experts and APSCA-qualified local auditors, we work with our clients in a collaborative, agile and transparent manner.
